

2016 국제심포지엄

■주제: Statuses of International Animal Life Science and Convergence of ICT

■일시: 2016.10.13.(목)~14(금)

■행사일정:

13 October 2016			
Moderator: Prof. Aera Jang (KNU)			
13:00 ~ 13:15	Opening address (Prof. Young-Han Song, Head of Institute of Animal Resources, KNU)		
	Welcoming address (Prof. Gur-Yoo Kim, Dean of College of Animal Life Sciences, KNU)		
	Chairman: Prof. Sung-Jin Lee (KNU)		
13:15 ~ 14:00	<table border="1" style="width: 100%;"> <tr> <td style="width: 30%;">Prof. Junichi Takahashi (Obihiro Univ., Japan)</td> <td>International statuses of greenhouse gases and renewable energy towards sustainable livestock production</td> </tr> </table>	Prof. Junichi Takahashi (Obihiro Univ., Japan)	International statuses of greenhouse gases and renewable energy towards sustainable livestock production
Prof. Junichi Takahashi (Obihiro Univ., Japan)	International statuses of greenhouse gases and renewable energy towards sustainable livestock production		
14:00 ~ 14:40	<table border="1" style="width: 100%;"> <tr> <td style="width: 30%;">Prof. Panjono (GajahMada Univ., Indonesia)</td> <td>Development of animal life science in Indonesia</td> </tr> </table>	Prof. Panjono (GajahMada Univ., Indonesia)	Development of animal life science in Indonesia
Prof. Panjono (GajahMada Univ., Indonesia)	Development of animal life science in Indonesia		
14:40 ~ 15:00	Coffee Break		
15:00 ~ 15:40	<table border="1" style="width: 100%;"> <tr> <td style="width: 30%;">Prof. Naresh Kumar Singh (Banaras Hindu Univ., India)</td> <td>Substantial growth of animal biotechnology in animal production and health in india</td> </tr> </table>	Prof. Naresh Kumar Singh (Banaras Hindu Univ., India)	Substantial growth of animal biotechnology in animal production and health in india
Prof. Naresh Kumar Singh (Banaras Hindu Univ., India)	Substantial growth of animal biotechnology in animal production and health in india		
15:40 ~ 16:20	<table border="1" style="width: 100%;"> <tr> <td style="width: 30%;">Prof. Guan-Ho Li (Yanbian Univ., China)</td> <td>The present situation and future development trend of meat products processing technology</td> </tr> </table>	Prof. Guan-Ho Li (Yanbian Univ., China)	The present situation and future development trend of meat products processing technology
Prof. Guan-Ho Li (Yanbian Univ., China)	The present situation and future development trend of meat products processing technology		
16:20 ~ 17:00	<table border="1" style="width: 100%;"> <tr> <td style="width: 30%;">Young-Hwa Ham (Ham Consulting, Korea)</td> <td>ICT and its prospect of livestock in Korea</td> </tr> </table>	Young-Hwa Ham (Ham Consulting, Korea)	ICT and its prospect of livestock in Korea
Young-Hwa Ham (Ham Consulting, Korea)	ICT and its prospect of livestock in Korea		
17:00	Closing		
14 October 2016: Tour
